

## Freedom In Captivity

Forced to stay indoors  
Forced to think your bored  
There is so much awaiting to be done

Get up and have some fun,

Painting, reading, drawing, baking  
All these different activities  
You think your bored  
Slice that boredom with a sword,

You don't have the right things?  
Well get up and start thinking  
There is always another way  
Never give up ok?

Forced to stay indoors  
Forced to think your bored  
So many things that are waiting  
Get up and do some painting

Organise, decorate, clean out  
This is the time to do the things you had no time for before this  
This is the time to come together and be one big family  
This is the time to play indoors happily

You think that there is nothing to do?  
Go on a hunt for things that are new  
Things you have never been able to do before  
Things that will inspire you to do more

And at the end of all you days,  
Don't forget to thank the NHS on your way

## Freedom in Captivity

Let us all remain free  
Let us wake up  
Let us fall asleep  
And between them may we do as we please  
In these circumstances very similar to captivity

Let us all remain joyful  
Let us walk and talk  
Let us be hopeful as we look to the future  
And remember that things will change soon  
In these circumstances very similar to captivity

Let us remember how things used to be  
And look back at our memories affectionately  
Let us look uncertainty in the eye and smile  
Let us never lose sight of who we are and who we want to be  
In these circumstances very similar to captivity

Let us be kind and considerate  
And turn to those under stress, attempting to lighten the load  
Let us be able to prioritise our own wellbeing  
But still manage to feel in control  
In these circumstances very similar to captivity

## Freedom in Captivity

We are free, in our homes,  
Can't you see?

We can sing and dance,  
And take on new hobbies,  
Knitting, painting, cooking, baking,  
Playing instruments, or sports,  
Like birds in a cage, we fly,  
From perch to perch,  
And we become inside-extroverts,  
On social media, on the phone,  
Talking to friends and family,  
All the while in our homes,  
How can it be called captivity?

## Freedom in Captivity

Here we are in the house while the world is in chaos,  
Lots of people are very sick and I'd like to fix them  
with a magic stick,  
As soon as I am awake, my mum wants to bake,  
Dusting this and that, cleaning with a broom, now I  
have the spotless room.

Here I am doing my chores while all I want it's playing  
with friends the PS4. ,  
Doing my homework by the window, I can see  
someone under the weeping willow,  
My dad listens to Elvis from afar, while my mum belly-  
dances like a star,

We are in this together,  
The eyes of the world shall see,  
Our caring hearts and kind gestures will last forever,  
So that we can be free.

## Freedom In Captivity

The sun's radiant beams crept  
through my window,  
The smell of blossomed flowers  
wafted up my nose,  
Today was going to be a good  
day,  
I felt like I was outside enjoying  
the early summer's breeze,  
But I remembered that i'm still  
sitting on my window lodge,  
My warm nose pressed itself on  
the cold pane,  
My eyes, curious and ready on  
what would happen next.

## **Freedom in Captivity**

Freedom in captivity  
The exquisite choices that there can be  
And the miraculous ideas that we can  
make  
And the inventions that we can create  
The time when our imagination can go  
wild  
And we can yet again feel like a child.  
Now we can take our invention and  
make it a memory  
A memory so unique it can be our  
treasury.  
Corona made its mark  
No-one can go to the park  
Isolation is different but enjoyable  
Due to it we make things we now call  
incredible  
The sun starts singing its bright sounding  
song  
As most pollution is gone so we live on

## Freedom in Captivity

Some alone, some together.  
Locked in a place we call home.  
While others fight for their lives,  
Some will live, some will die.  
We are free to stand together and stay  
at home  
To stop the spread.  
Together we can not just survive, but  
thrive.  
We aren't individuals, we are the  
superior race.  
Together we can all overcome the virus.  
Freely stay at home and stop the  
spread.  
Enjoy your time at home with those you  
love with a safe distance,  
of those not in your captive household.

## Freedom in Captivity

Sitting inside, wondering what to do,  
It is something that we have all been through,  
During this time waiting at home,  
Wanting to go outside without catching a cough.  
You sit and wait and something comes to mind,  
Making, baking with the people in your home,  
Is the best way of having fun inside.  
Walking about making anything you can,  
It is the best freedom a person can own.  
This time can seem a bit boring,  
So take out a pencil and start up a new drawing.  
Listening to music, to each of the songs different melody,  
It is the best form of Freedom in Captivity.  
Now when your sitting inside, wondering what to do,  
Remember these easy things that anyone can do.
