

Schedule for Lateral Flow Tests- resumption of face to face teaching
Return to school dates and date of initial lateral flow Covid-19 Test

In order to carry out all tests with each year group, we will be operating a phased return to the college. This will also allow us to safely administer all tests, meet each year group as they return, and go through all of the key information and training to ensure they are equipped and ready to return to college. They will receive their test and then will return to 'face to face' teaching in school the following day.

Students will only be allowed to come onsite by themselves and will return home immediately once their 1st Lateral Flow Test has taken place. Students will be expected to wear their full school uniform when coming in. Students will carry out their 2nd and 3rd tests on a rota during the college day to minimise disruption to learning.
