GCSE Results Press Release 2023

St Michael's Catholic College are proud to report that Year 11 students have achieved brilliant GCSE results, maintaining the strong track record of academic success at the college. Their hard work, resilience and determination has paid off with a set of results that are above national and London averages on all measures, despite the return to more stringent grading by exam boards. The vast majority of students will be staying on to complete A' Level and CTEC courses in the very successful St Michael's 6th form.

We congratulate the students on all they have achieved and we would also like to thank our exceptional staff for their hard work and dedication. These results are a celebration of all that has been achieved through working in partnership with our students and their parents and carers.

The Principal Ms Corcoran said 'I am incredibly proud of each and every Year 11 student, it has been wonderful to celebrate their achievements and to recognise how far they have come, especially those who have had to navigate their way through challenging circumstances. We wish all Year 11 students well with their next steps and we know they have very bright future ahead'
