Welcome

St Michael's - Bringing each student to the fullness of life through education

Choosing a new school for your child is a very important decision and, as parents/carers, you will believe that your child deserves the very best education. At St Michael's we share your belief. We recognise that there are no limits to a child's potential and our aim is simple; to facilitate academic and personal success by bringing each person to the fullness of life through education within a culture or environment that embraces Gospel and Salesian values - of serving others, respect, tolerance, consistent discipline, loving kindness, reflection, forgiveness and the celebration of success. It is our belief therefore that students grow into mature and responsible adults through following the Salesian principles of RUAH:

- Respect: recognising and respecting the presence of Christ in every person
- Understanding: being committed to learning and striving for academic excellence
- Affection: sustaining high quality relationships as a result of loving kindness and consistent discipline
- Humour: developing resilience by maintaining a balanced and optimistic approach to life

Our team of well-qualified, dedicated staff work creatively and professionally to ensure that all students flourish and achieve our goal of academic excellence. We have a progressive approach to developing and delivering our curriculum while we tailor our learning environment to meet the needs of students; providing extra challenge for those who are intellectually able and offering learning support for those in need. St Michael's new buildings facilitate 21st century learning and have excellent facilities and resources to benefit the whole community.

When a new student joins us, we take the time to build a genuine partnership between the family and school, since we believe that partnership with parents and carers is vital to every child's future success.

I hope you enjoy reading through our prospectus which gives a flavour of the broad and balanced experiences at St Michael's, but more importantly - I would like to invite you to our school to sample the culture which makes St Michael's Catholic College unique.

Ms Corcoran
Principal

I always feel that staff do their utmost for our children, they are supportive, dedicated, and encourage students to excel.

*I would recommend St Michael's to all parents.
